

This template is provided at 10% of the full size.

Please use all of the artboard (green area) however please ensure important aspects of the artwork are kept within the safety area (red dashed lines) to avoid any printing on the 9.5cm top and bottom scaffold sleeves and weld.

Please submit your artwork files to the below specification:

- CMYK colour mode, ensuring any pantone/spot colours have been converted to CMYK.
- Please do not include crop marks.
- High resolution, min 300dpi (JPG/PNG files can be accepted as long as the artwork is provided at the full size not at 10% as per the template)
- Please convert all fonts/text to outlines or ensure they are embedded into your PDF files.
- Please ensure any linked files are embedded into your file.

If anything is unclear with the details in this template then please email us for help or advise
